```
    G      D      Em D
1 Hosanna, loud hosanna
      C      D        G   *
  The little children sang
         G        D         Em D
  Through pillared court and temple
      C      D      G   *
  The lovely anthem rang

     G      *       D       *
  To Jesus, who had blessed them
       G      *      D     *
  Close folded to his breast
      G        D          Em  D
  The children sang their praises
      C        D       G   *
  The simplest and the best.

      G  D        Em D
2 From Olivet they followed
      C    D      G    *
  'Mid an exultant crowd
      G      D           Em D
  The victor palm branch waving
      C        D         G   *
  And chanting clear and loud

      G       *         D  *
  The Lord of earth and heaven
       G     *     D    *
  Rode on in lowly state
      G            D      Em  D
  Nor scorned that little children
        C      D       G   *
  Should on his bidding wait.

     G     D      Em  D
3 "Hosanna in the highest!"
       C       D       G   *
  That ancient song we sing
      G         D     Em  D
  For Christ is our Redeemer
      C       D          G   *
  The Lord of heaven our King

    G      *    D      *
  O may we ever praise him
       G         *        D    *
  With heart and life and voice
      G      D        Em  D
  And in his blissful presence
   C     D    G    *
  Eternally rejoice!
