1     O God, our help in ages past
        Am         D          G    *
      Our hope for years to come
      C         G          Am      E7
      Our shelter from the stormy blast
      F     G       C    *
      And our eternal home;

      C        G       F        C
2     Under the shadow of your throne
        Am           D        G    *
      Your saints have dwelt secure
      C         G        Am    E7
      Sufficient is your arm alone
      F      G         C    *
      And our defense is sure.

      C         G         F      C
3     Before the hills in order stood
      Am       D           G     *
      Or earth received its frame
        C    G        Am       E7
      From everlasting you are God
      F        G          C    *
      To endless years the same.

      C         G     F        C
4     A thousand ages in your sight
        Am       D        G    *
      Are like an evening gone
          C      G           Am
      Short as the watch that ends the
      E7
       night
      F         G       C   *
      Before the rising sun.

          C        G     F        C
5     Time, like an ever-rolling stream
        Am         D     G   *
      Soon bears us all away
      C       G        Am    E7
      We fly forgotten, as a dream
        F       G        C   *
      Dies at the op'ning day.

      C         G        F     C
6     O God, our help in ages past
```

```
      Am         D          G    *
Our hope for years to come
        C       G
Still be our guard while
 Am         E7
 troubles last
     F     G       C    *
And our eternal home.
