# Dear Lord and Father of Mankind

Key: G  Time: 4/4

```
          G          C       G       *
1  Dear Lord and Father of mankind
        Am        C         D     *
   Forgive our foolish ways
       C          *         D         *
   Reclothe us in our rightful mind
       Em    C             D       Bm
   In purer lives Thy service find
       G        C           D      *
   In deeper reverence praise
       Am      C           G       *
   In deeper reverence praise.

       G        C           G              *
2  In simple trust like theirs who heard
       Am        C         D  *
   Beside the Syrian sea
         C          *         D       *
   The gracious calling of the Lord
        Em       C          D         Bm
   Let us, like them, without a word
         G        C        D     *
   Rise up and follow Thee
        Am      C        G     *
   Rise up and follow Thee.

       G          C        G    *
3  O Sabbath rest by Galilee
       Am        C       D     *
   O calm of hills above
            C      *           D              *
   Where Jesus knelt to share with Thee
        Em      C   D     Bm
   The silence of eternity
      G      C        D    *
   Interpreted by love!
     Am    C        G    *
   Interpreted by love!

          G           C          G       *
4  With that deep hush subduing all
        Am          C             D       *
   Our words and works that drown
        C        *           D         *
   The tender whisper of Thy call
```

**Em C D Bm**
As noiseless let Thy blessing fall
**G C D ***
As fell Thy manna down
**Am C G ***
As fell Thy manna down.

**G C G ***
5 Drop Thy still dews of quietness
**Am C D ***
Till all our strivings cease
**C * D ***
Take from our souls the strain and stress
**Em C D Bm**
And let our ordered lives confess
**G C D ***
The beauty of Thy peace
**Am C G ***
The beauty of Thy peace.

**G C G ***
6 Breathe through the heats of our desire
**Am C D ***
Thy coolness and Thy balm
**C * D ***
Let sense be dumb, let flesh retire
**Em C D Bm**
Speak through the earthquake, wind, and fire
**G C D ***
O still, small voice of calm
**Am C G ***
O still, small voice of calm.
