Of Jesus and His love
```

```
    G       *        *  *
2 I love to tell the story
       C     *      G    *
  More wonderful it seems
     D       *      G      *
  Than all the golden fancies
   *       *      D     *
  Of all our golden dreams
    D       C        G    *
  I love to tell the story
     Em     *        B7 *
  It did so much for me-
      C       *        G     *
  And that is just the reason
    D       *      G   *
  I tell it now to thee

  D       *        G    *
I love to tell the story
       C     *        G    *
'Twill be my theme in glory
   *        *       C    *
To tell the old old story
   G     D       G   *
Of Jesus and His love
```

```
    G       *        *  *

       C        *    G   *
  'Tis pleasant to repeat
     D           *      G      *
  What seems, each time I tell it
     *     *     D    *
  More wonderfully sweet
    D       C        G    *
  I love to tell the story
     Em        *     B7   *
  For some have never heard

  The message of salvation

  From God's own holy Word

I love to tell the story
       C     *        G    *
'Twill be my theme in glory
   *        *       C    *
To tell the old old story
   G     D       G   *
Of Jesus and His love
```

```
    G       *        *  *
4 I love to tell the story
     C         *       G   *
  For those who know it best
     D    *        G        *
  Seem hungering and thirsting
    *       *        D   *
  To hear it like the rest
     D       C         G    *
  And when in scenes of glory
    Em       *       B7  *
  I sing the new new song
       C      *       G    *
  'Twill be the old old story
     D      *        G   *
  That I have loved so long

  D       *        G    *
I love to tell the story
       C     *        G    *
'Twill be my theme in glory
   *        *       C    *
To tell the old old story
   G     D       G   *
Of Jesus and His love
