     C     F     C        *          F        D       G  *
1 It came upon a midnight clear that glorious song of old
       C      F       C        *        F           G        C   *
  From angels bending near the earth to touch their harps of gold
       E7     *           Am      *        G            D        G   *
  Peace on the earth, good will to men from heaven's all gracious King
     C        F      C         *       F        G      C   *
  The world in solemn stillness lay, to hear the angels sing

       C           F      C          *         F        D       G     *
2 Still through the cloven skies they come with peaceful wings unfurled
     C           F        C     *           F       G     C    *
  And still their heavenly music floats o'er all the weary world
   E7       *       Am    *            G       D        G   *
  Above its sad and lowly plains, they bend on hovering wing
     C    F        C     *          F       G      C   *
  And ever o'er its Babel sounds the blessed angels sing.

    C     F            C        *          F         D       G  *
3 O ye, beneath life's crushing load whose forms are bending low
     C     F        C        *        F       G         C   *
  Who toil along the climbing way with painful steps and slow
      E7       *        Am     *          G       D      G   *
  Look now! for glad and golden hours come swiftly on the wing
    C      F        C     *        F        G      C   *
  O rest beside the weary road and hear the angels sing

     C       F        C         *     F        D       G  *
4 For lo! The days are hastening on by prophets seen of old
       C        F    C        *           F        G        C   *
  When with the ever circling years shall come the time foretold
      E7          *     Am      *         G       D         G    *
  When peace shall cover all the earth its ancient splendors fling
     C         F          C        *          F       G      C   *
  And the whole world send back the song which now the angels sing!
