```
       G              *             Am            D
1 Sent forth by God’s blessing, our true faith confessing
      G         C             D             G
  The people of God from this dwelling take leave
      G          *        Am       D
  The service is ended, O now be extended
      G             C          D         G
  The fruits of our worship in all who believe.

      G           D           *             G
  The seed of the teaching, receptive souls reaching
        G          C          A           D
  Shall blossom in action for God and for all.

        G           *            Am          D
  God’s grace did invite us, and love shall unite us
     G              C           D          G
  To work for God’s kingdom and answer the call.

      G                *         Am       D
2 With praise and thanksgiving to God, everliving
      G            C        D            G
  The tasks of our everyday life we will face
      G          *           Am        D
  Our faith ever sharing, in love ever caring
    G             C           D              G
  Embracing God’s children of each tribe and race.

      G              D             *              G
  With your grace you feed us, with your light now lead us
   G          C          A            D
  Unite us as one in the life that we share.

      G           *            Am                D
  Then may all the living, with praise and thanksgiving
      G         C               D             G
  Give honour to Christ and that name which we bear.
