```
                G                D
1    Come, thou Fount of every blessing
           C                    G
     Tune my heart to sing thy grace
                G             D
     Streams of mercy, never ceasing
           C                    G
     Call for songs of loudest praise

           G                 Em
     Teach me some melodious sonnet
           C                  G
     Sung by flaming tongues above
                G                    D
     Praise the mount! I'm fixed upon it
           C                G
     Mount of thy redeeming love.

          G            D
2    Here I raise my Ebenezer
          C                 G
     Hither by thy help I'm come
         G                   D
     And I hope, by thy good pleasure
          C              G
     Safely to arrive at home

         G                  Em
     Jesus sought me when a stranger
             C                  G
     Wandering from the fold of God
          G               D
     He, to rescue me from danger
        C                    G
     Interposed his precious blood.

        G                  D
3    O to grace how great a debtor
         C                    G
     Daily I'm constrained to be!
           G                  D
     Let thy goodness, like a fetter
           C                    G
     Bind my wandering heart to thee

           G                 Em
     Prone to wander, Lord, I feel it
           C                 G
     Prone to leave the God I love
            G                   D
     Here's my heart, O take and seal it
           C                 G
     Seal it for thy courts above.
