```
        F      *        Bb       *         Gm     *          F    *
1 Come, let us join our friends above, who have obtained the prize
      F      *     Bb       *       Gm     *       F   *
  And on the eagle wings of love to joys celestial rise
      C          *      Bb      *         Dm       *     C   *
  Let saints, on earth unite to sing with those to glory gone
      F       *        Bb     *       Gm        *          F  *
  For all the servants of our King in earth and heaven are one.

      F   *     Bb       *        Gm      *       F    *
2 One family we dwell in Him, one church above, beneath
        F     *     Bb     *           Gm     *         F    *
  Though now divided by the stream, the narrow stream of death
      C    *      Bb     *       Dm     *       C  *
  One army of the living God, to His command we bow
       F      *         Bb          *          Gm       *        F  *
  Part of His host have crossed the flood, and part are crossing now.

      F        *        Bb      *         Gm     *      F  *
3 Ten thousand to their endless home this solemn moment fly
      F      *      Bb     *         Gm   *       F  *
  And we are to the margin come, and we expect to die
       C      *        Bb       *           Dm         *      C   *
  E'en now by faith we join our hands, with those that went before
      F         *        Bb        *         Gm   *      F    *
  And greet the blood be sprinkled bands, on the eternal shore.

      F       *         Bb      *         Gm          *     F      *
4 Our spirits too shall quickly join like theirs with glory crowned
      F        *       Bb        *        Gm       *       F    *
  And shout to see our Captain's sign, to hear his trumpet sound
    C       *         Bb        *        Dm       *         C    *
  O that we now might grasp our Guide! O that the word were given
       F       *         Bb      *        Gm      *      F     *
  Come Lord of Hosts the waves divide and land us all in heaven.
