Come Let Us Join Our Friends Above

Key: G Time: 4/4 Tune: FOREST GREEN

```
        G      *        C        *         Am     *          G    *
1 Come, let us join our friends above, who have obtained the prize
      G      *     C        *       Am     *       G   *
  And on the eagle wings of love to joys celestial rise
      D          *      C       *         Em       *     D   *
  Let saints, on earth unite to sing with those to glory gone
      G       *        C      *       Am        *          G  *
  For all the servants of our King in earth and heaven are one.

      G   *     C        *        Am      *       G    *
2 One family we dwell in Him, one church above, beneath
        G     *     C      *           Am     *         G    *
  Though now divided by the stream, the narrow stream of death
      D    *      C      *       Em     *       D  *
  One army of the living God, to His command we bow
       G      *         C           *          Am       *        G  *
  Part of His host have crossed the flood, and part are crossing now.

      G        *        C       *         Am     *      G  *
3 Ten thousand to their endless home this solemn moment fly
      G      *      C      *         Am   *       G  *
  And we are to the margin come, and we expect to die
       D      *        C        *           Em         *      D   *
  E’en now by faith we join our hands, with those that went before
      G         *        C         *         Am   *      G    *
  And greet the blood be sprinkled bands, on the eternal shore.

      G       *         C       *         Am          *     G      *
4 Our spirits too shall quickly join like theirs with glory crowned
      G        *       C         *        Am       *       G    *
  And shout to see our Captain’s sign, to hear his trumpet sound
    D       *         C         *        Em       *         D    *
  O that we now might grasp our Guide! O that the word were given
       G       *         C       *        Am      *      G     *
  Come Lord of Hosts the waves divide and land us all in heaven.
