I Cannot Tell

Key: C Time: 4/4 Tune: LONDONDERRY AIR

```
           C        C7               F      *
1 I cannot tell why he, whom angels worship
                C     Am              D  G
  Should set his love upon the sons of men
           C         C7                  F        *
  Or why, as Shepherd, he should seek the wanderers
              C          G               C   E7
  To bring them back, they know not how or when
           Am         F               C   E7
  But this I know, that he was born of Mary
                Am     F            G   *
  When Bethl'em's manger was his only home
            C        F            C       Am
  And that he lived at Nazareth and laboured
           C                G                C   *
  And so the Saviour, Saviour of the world, is come.

           C        C7          F       *
2 I cannot tell how silently he suffered
            C        Am                   D   G
  As with his peace he graced this place of tears
           C      C7                F     *
  Or how his heart upon the cross was broken
             C       G                C    E7
  The crown of pain to three and thirty years
           Am       F               C      E7
  But this I know, he heals the brokenhearted
              Am      F                  G   *
  And stays our sin and calms our lurking fear
              C      F              C    Am
  And lifts the burden from the heavy laden
              C                G               C   *
  For still the Saviour, Saviour of the world is here.

           C        C7               F      *
3 I cannot tell how he will win the nations
             C         Am          D   G
  How he will claim his earthly heritage
           C      C7            F      *
  How satisfy the needs and aspirations
```

```
             C        G              C   E7
  Of east and west, of sinner and of sage
            Am        F                   C    E7
  But this I know, all flesh shall see his glory
              Am       F              G   *
  And he shall reap the harvest he has sown
               C       F                  C        Am
  And some glad day his sun will shine in splendour
             C                G                 C    *
  When he the Saviour, Saviour of the world, is known.

          C        C7                   F      *
4 I cannot tell how all the lands shall worship
             C       Am             D      G
  When at his bidding every storm is stilled
            C       C7            F     *
  Or who can say how great the jubilation
            C          G               C    E7
  When every heart with love and joy is filled
            Am        F                      C      E7
  But this I know, the skies will thrill with rapture
            Am     F            G   *
  And myriad myriad human voices sing
              C           F                      C     Am
  And earth to heav'n, and heav'n to earth, will answer
              C                G                 C    *
  'At last the Saviour, Saviour of the world, is King!'
```
