```
          G     C         G          D              G
1 Rock of Ages, cleft for me, let me hide myself in Thee
          D             G              D                  G
  Let the water and the blood, from Thy wounded side which flowed
        G       C      G               *         D       G
  Be of sin the double cure; save from wrath and make me pure.

          G      C     G             D                G
2 Not the labors of my hands, can fulfill Thy law's demands
           D               G             D             G
  Could my zeal no respite know, could my tears forever flow
          G         C    G               *         D     G
  All for sin could not atone; Thou must save, and Thou alone.

          G     C      G             D               G
3 Nothing in my hand I bring, simply to the cross I cling
         D                G                D                G
  Naked, come to Thee for dress; helpless, look to Thee for grace
          G      C        G             *       D    G
  Foul, I to the fountain fly; wash me, savior, or I die.

          G         C        G                 D                    G
4 While I draw this fleeting breath, when mine eyes shall close in death
         D                G               D               G
  When I soar to worlds unknown, see Thee on Thy judgment throne
          G     C         G          *      D       G
  Rock of Ages, cleft for me, let me hide myself in Thee.
