     G     C     G        *          C        A       D  *
1 It came upon a midnight clear that glorious song of old
       G      C       G        *        C           D        G   *
  From angels bending near the earth to touch their harps of gold
        B7     *           Em      *        D            A        D   *
  Peace on the earth, good will to men from heaven's all gracious King
     G        C      G         *       C        D      G   *
  The world in solemn stillness lay, to hear the angels sing

        G           C      G          *         C        A       D     *
2 Still through the cloven skies they come with peaceful wings unfurled
     G           C        G     *           C       D     G    *
  And still their heavenly music floats o'er all the weary world
   B7        *       Em    *            D       A        D   *
  Above its sad and lowly plains, they bend on hovering wing
     G    C        G     *          C       D      G   *
  And ever o'er its Babel sounds the blessed angels sing.

    G     C            G        *          C          A       D  *
3 O ye, beneath life's crushing load whose forms are bending low
     G     C        G        *        C       D         G   *
  Who toil along the climbing way with painful steps and slow
      B7       *        Em     *          D       A      D   *
  Look now! for glad and golden hours come swiftly on the wing
    G      C        G     *        C        D      G   *
  O rest beside the weary road and hear the angels sing

     G       C        G         *     C        A       D  *
4 For lo! The days are hastening on by prophets seen of old
      G        C    G        *           C        D        G   *
  When with the ever circling years shall come the time foretold
      B7          *     Em      *         D       A         D    *
  When peace shall cover all the earth its ancient splendors fling
     G         C          G        *          C       D      G   *
  And the whole world send back the song which now the angels sing!
